

EmbRaceR: Data Preparation with R

Dejan Sarka

Instructor Bio

- Dejan Sarka
 - ~35 years of experience
 - Data Platform MVP, MCT
 - 18 books
 - 20+ courses
 - Focus:
 - Data science
 - Data quality
 - Data modeling

Course Introduction

- In the third course of the EmbRaceR collection, the most tedious task in a project, the data preparation task, is covered. Attendees learn about many of the basic and also more advanced techniques, and why and how to use them.

Modules

- Working with Data Frames
- Manipulating data
- Recoding and graphing

End of module 00: Course Introduction
